MFA Fellowship Requirements & Application for Advancement to Fellow

Process for Advancement to Medical Fitness Association Fellow Status

- Submit a completed application with appropriate documentation to the Medical Fitness Association.
 - Applications will be reviewed by the MFA office to ensure the accuracy and completeness of the application.
 - The Application will be forwarded for review and evaluation to the Fellowship Review Committee.
 - Upon completion of their review the Fellowship Review Committee will make a recommendation to the Board of Directors regarding advancement to Fellow.
 - The Board of Directors will receive all the application materials and is responsible for the final determination of a candidate's advancement to become a Fellow of the Medical Fitness Association. In most instances, the Board will act upon the recommendation of the Fellowship Review Committee. However, on rare occasions, additional information may be available to the Board of Directors that may affect the final vote. Under no circumstances will an individual be advanced to Fellow who has not met the minimum service point requirements.
 - The Medical Fitness Association Fellowship is not another membership category, but an industry honor earned through service to the industry. Fellowship is conferred on members who have made significant contributions to the Medical Fitness Industry and who are committed to furthering the mission of the Medical Fitness Association.
 - Medical Fitness Association Fellows are required to maintain an active membership in the Association. Should the Association membership lapse, the member may no longer use, or claim the use of the title, or professional designation of Medical Fitness Association Fellow and the concomitant use of the FMFA initials.
 - Former Fellows may be considered for re-instatement under the following conditions:
 1. For members whose Fellowship has been expired for less than one year, the Fellowship status is automatically re-instated with the payment of the Association's annual dues.
 2. For members whose Fellowship has been expired for more than one year, the Association dues must be paid and a new application for Fellowship must be submitted and considered.
 3. If there are mitigating circumstances, the member may submit, in writing, a letter to the Board of Trustees requesting re-instatement as a Fellow by giving a detailed justification of the mitigating circumstances. The Board of Directors will consider the letter at its next regularly scheduled meeting if the member is current with his/her membership dues. Appeal letters must be submitted to the MFA Office via email to David Flench at david.flench@medicalfitness.org with the subject line: Fellowship.

MFA Fellowship Requirements & Application for Advancement to Fellow

Process for Appealing a Fellowship Decision

Applicants, who are not approved for advancement to Fellowship status, may appeal the decision, in writing, to the Medical Fitness Association Board of Directors. Upon appeal, the Board will convene an appeals committee consisting of the Executive Committee and the Chairperson of the Fellowship Committee to review the appeal. The Appeals Committee may only consider information provided in the original application along with any explanation provided in the appeals letter. Any new information provided will be disregarded by the appeals committee.

If the applicant has new information to add to the original application, then the application must be re-submitted for full review by the Fellowship Review Committee.

Instructions for Completing the Application

- All portions of the application should be typed, including all letters of recommendation. The Application and Fellow Recommendation forms are available for download from the Medical Fitness Association website. Applications must be complete and any additional documentation included as necessary to validate the claimed points. If additional space is needed to provide appropriate information needed by the Fellowship Review Committee in their evaluation, separate pages may be attached as an appendix to the application noting the section and question number from the application to ensure that the committee can correctly identify where the additional information belongs. Providing detailed information will minimize any delays in processing the application.
- Applicants may submit their applications either on-line by scanning the application documents, CV and other supporting documents and emailing them to Mariann Murphy at mariann.murphy@medicalfitness.org with a cc to David Flench at david.flench@medicalfitness.org.

Applications may also be submitted in writing by mailing **one** complete copy to:

Medical Fitness Association
